# NX 11.0 Windows Install

Determine which Windows operating system you have (64-bit or 32-bit) by going to Start / Control Panel / System and verify the System Type. Use the appropriate folder for the NX install based on your System Type.

Download Link: http://projects.ccec.unf.edu/nx
Windows 64-Bit
        nx11.zip

Windows 32-Bit (There is no 32Bit version of NX 11.0 or 10.0. Must install NX 8.5)
   nx-8.5.0-32bit   NX for Windows 32-bit Operating Sytems

Extract all files from the zip file. Open up the NX folder nx_11.0_win64 and double-click **Launch.exe**

From the "**NX 11.0 Software Installation**" screen, click **Install NX**.

Select Language and click **OK**.

Click **Next**.

Select **Typical**, click **Next**.

Click Next.

In the Enter server name(s) or a license file text box enter **27005@bell.ccec.unf.edu** and click **Next**.
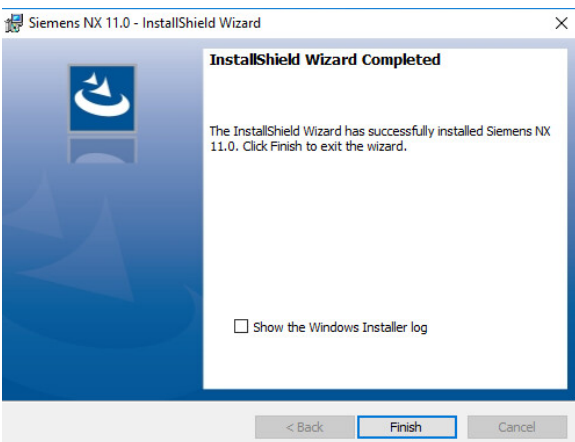

Note: **bell.ccec.unf.edu** is the NX license server and cannot be seen from the **guest wireless network** or **off-campus**. Use **UNF-Secure** wireless network while on-campus. You will get a licensing error message if you are doing the install off-campus. Just click OK and continue with install.

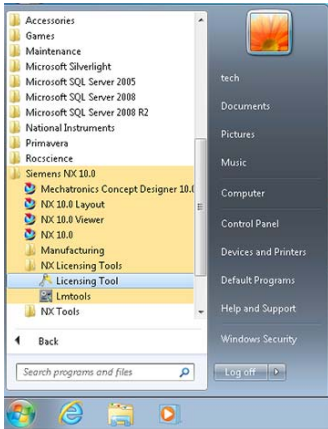

Click **Next**.

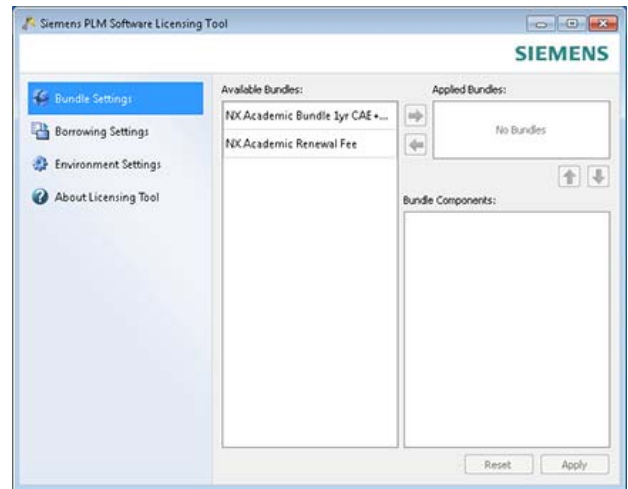

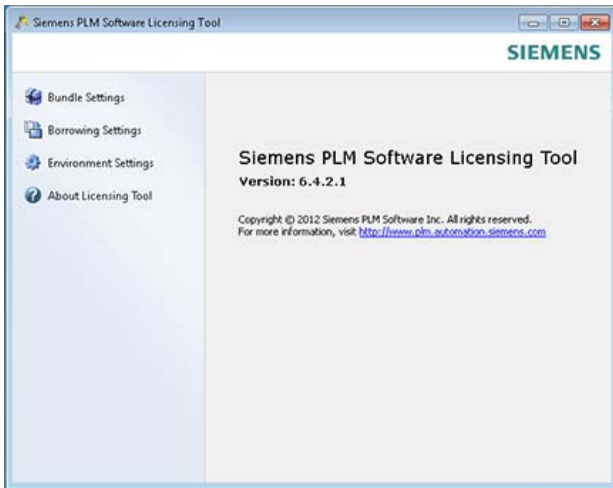

Click **Install**.

Click **Finish**.

Reboot Computer

NX 11.0 License Checkout

Licenses can only be checked out while connect to **UNF-Secure** wireless network. The check out process will not work **off campus** or on the **guest** wireless network.

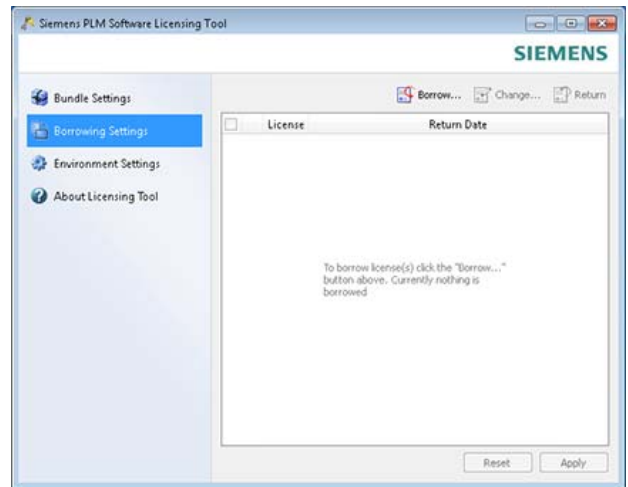

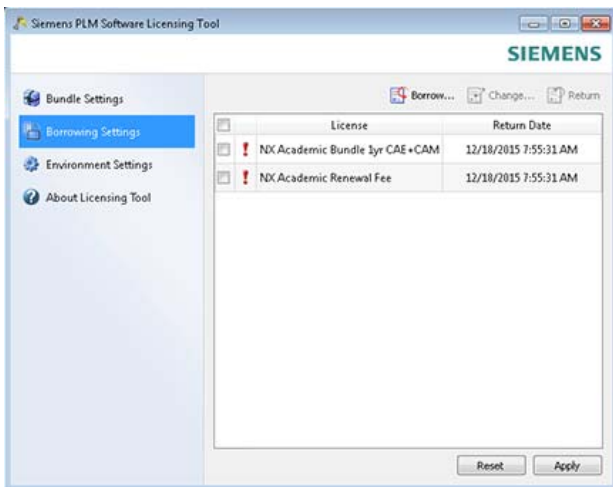

Open Start| All Programs| Siemens NX 10.0 | NX License Tools | Licenses Options (Take a few minutes)

Select **Bundle Settings.**

Click on each of the Available Bundles and click the **Right arrow (→) to move to Applied Bundles.**

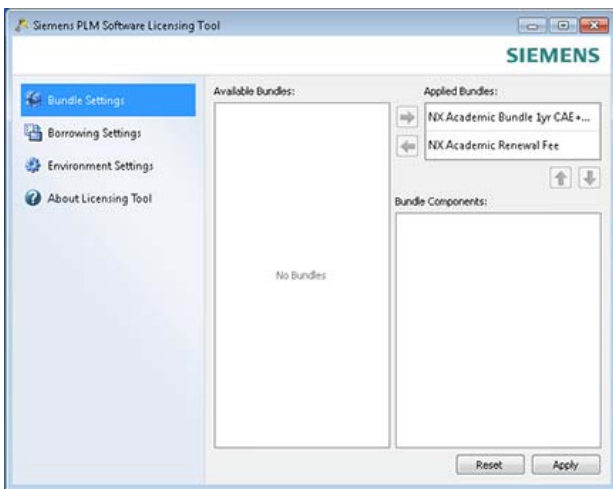

Select **Borrowing Settings**.

Click Borrow…

Select the two NX Academic Renewal Fee and NX Academic Bundle 1yr CAE+CAM. Set a Return Date and Time to a date is around 6 months from current date. Select a date with a white background. Dates with a grey background are beyond the 6 month.

Click Apply to start the Check-out process.

Note: This process can take about 5 minutes.

Click [×] to close dialog.

Click **Save**.
